EGYPS 2020 OVERVIEW

Launched in 2017, the Egypt Petroleum Show is North Africa and the Mediterranean's most important oil and gas exhibition and conference held under the patronage of His Excellency Abdel Fattah El Sisi, President of the Arab Republic of Egypt where oil and gas professionals convene to engage in dialogue, create partnerships, do business and identify solutions and strategies that will shape the industry for future years.

EGYPS 2020 will take place from 11-13 February in Cairo at the Egypt International Exhibition Center with an expanded exhibition space attracting 25,000 attendees from local & international businesses to identify opportunities from Egypt, North Africa and the Mediterranean's future project requirements, strategic priorities and gain insights into the wider oil and gas sector. EGYPS is a key platform in the North African energy calendar bringing together government representatives, key project owners, NOCs, IOCs, International Service Providers & Engineering, Procurement & Construction Companies, EPC contractors, consultants and financiers to address the evolving opportunities in the North African and Mediterranean energy arena.

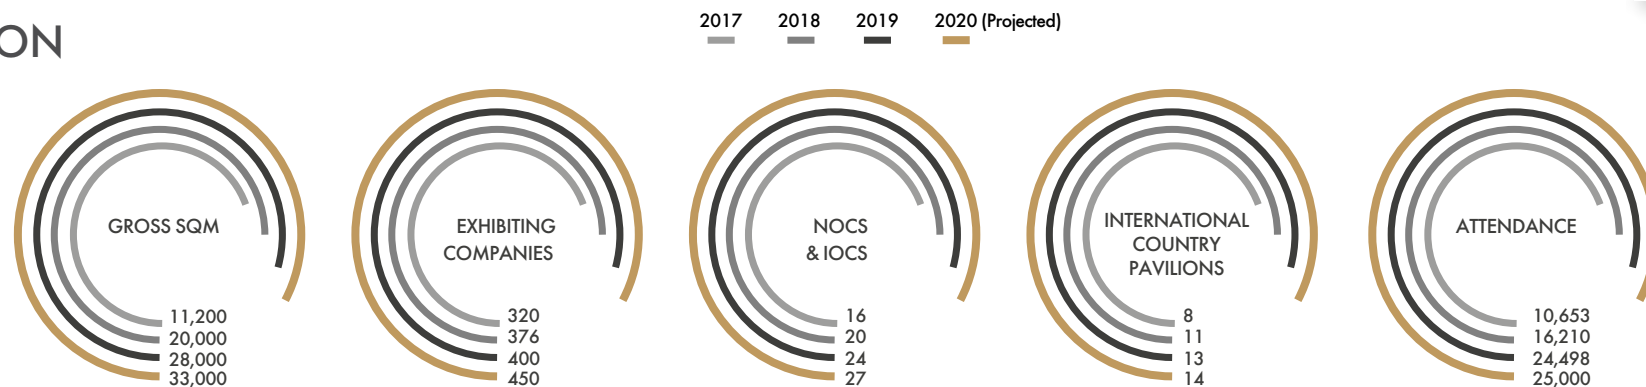

His Excellency Tarek El Molla
Minister of Petroleum and Mineral Resources
Arab Republic of Egypt

"EGYPS, has been very successful and I am extremely proud that we are already in a position where we can compare ourselves to other important global conferences and exhibitions. The level of conference and visitor attendance has reassured us of the need for EGYPS. With our key stakeholders, we will continue to work hard to develop and expand the show's focus and reach in line with industry advancements."

EXHIBITION

WHY EGYPT?

Egypt signed 51 agreements with international oil companies (IOCs), which will attract \$27.2 billion to the oil and gas sector in the coming period

Egypt exported petroleum products for \$3.1 billion within 2018

Egypt made 61 new oil and gas discoveries in 2018, of which were 43 crude oil discoveries and 18 were natural gas discoveries

New phases of four mega-projects in the Mediterranean Sea – Zohr, North Alexandria, Nooros and Atoll fields, will take maximum production rates to 6.5 bcf/d

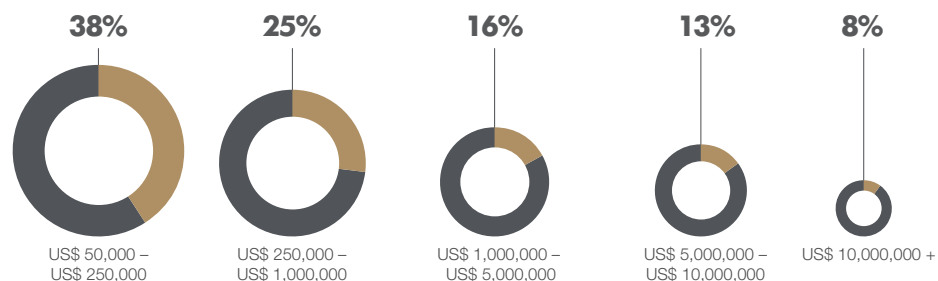

Egypt achieved self-sufficiency of locally produced natural gas at the end of September 2018, and in turn halted liquefied natural gas (LNG) imports for the first time in more than 3 years

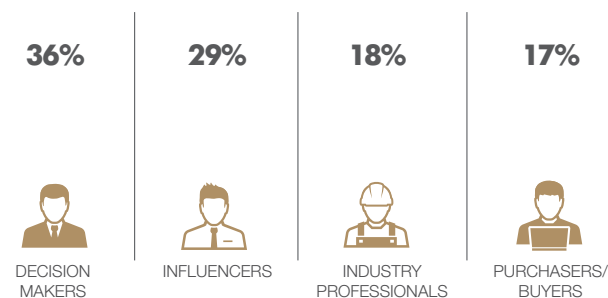

Last year Egypt signed 12 new agreements with IOCs for oil and gas exploration for several concessions in the Mediterranean, Gulf of Suez, Nile Delta, Western Desert and Sinai

DIGITALISATION IN ENERGY

EGYPS provides a dedicated focus on digitalisation in energy with an all encompassing exhibition zone along with high level conference panels that provide the essential building blocks for the industry to embark on the transformational journey. Through the exhibition, start-up businesses, SME's and global technology companies will demonstrate and share their oil and gas digital solutions and services.

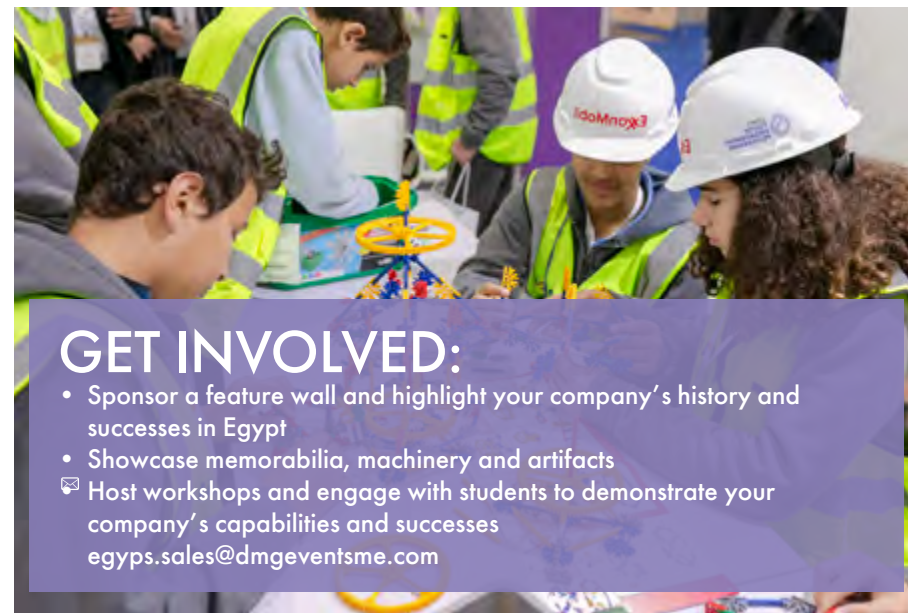

YOUTH ENGAGEMENT PROGRAMME

Located on the exhibition floor, the Youth Engagement Programme will allow students to participate in the Show learning about the history, current applications and future of the petroleum industry in Egypt and its neighbouring countries.

The Youth Engagement Programme is an industry effort to create awareness and encourage students to pursue careers in the oil & gas sector.

With the support of the Ministry of Petroleum and Mineral Resources, NOCs and IOCs, the senior classes of Cairo-based schools will be invited to participate, to learn and take the crucial steps to launching their future careers.

C-SUITE NETWORKING OPPORTUNITIES

The EGYPS Petroleum Club is an exclusive membership for oil & gas executives. The Club provides a private environment for industry leaders to network, strengthen existing connections and forge new relationship. Onsite at EGYPS, the Petroleum Club offers members comfortable facilities in a tranquil setting to encourage networking in a relaxed environment. Membership is free of charge, however members must complete the application form and be formally accepted before membership is permitted.

EGYPS Petroleum Club Members Enjoy Benefits Like:

- Fast-track entry into the Egypt Petroleum Show with your Petroleum Club badge
- Access to a private environment off the busy Exhibition floor to conduct face to face business
- An environment to facilitate opportunities for networking with industry peers
- Media-free zone to ensure privacy
- Complimentary refreshments available for all members
- Access to the exclusive Petroleum Club at any time during EGYPS

GLOBAL MEETINGS PROGRAMME

Global Meetings Programme is the official business networking pre-show meeting concierge service.

This dedicated service enables high-profile networking with conference delegates, exhibitors and VIPs who can exclusively search, connect and meet with each other onsite in the official EGYPS Meetings Lounge.

Who will you network with at EGYPS 2020?

- More than 25,000 trade professionals visit EGYPS to do business with 450 exhibiting companies
- 1,300+ conference delegates are expected to attend 66 strategic and technical oil and gas sessions presented by 230+ speakers
